

TouchIT Y Series

The Y Series from TouchIT Technologies incorporates the latest in Interactive Flat Panel Technology without a high price tag.

“PC-Free” operation thanks to the onboard Android operating system makes for a true plug and play experience. Annotate, take notes, save - all without having to connect a computer to the LED.

The TouchIT Y Series comes with its own App Store so you can install on the onboard operating system only the Apps that you want. All Apps available in the TouchIT Store are Free of charge and have been tested for compatibility and suitability on the large format LED.
